DETAILED ACTION

1. The amendment filed September 18, 2006 is entered and claims 1-4 and 6-30 are pending.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John J. Penny, Jr. (36,984) on September 21, 2006.

Please amend the following claims as follows:

Cancel claims 13 and 22 without prejudice.

In claims 14, 15, 16, and 17, line 1 after claim, replace [13] by 12.

In claims 23, 24, 25, and 26, line 1 after claim, replace [22] by 21.

Allowable Subject Matter

3. Claims 1-4, 6-12, 14-21 and 23-30 are allowed.
4. The following is an examiner's statement of reasons for allowance: the claimed invention is directed to a drive circuit in a liquid crystal display.

Independent claims 1, 12, and 21 identify a uniquely distinct feature "wherein the voltage level altering means is provided in reference voltage generator means for producing source driver reference voltages from which the source driver produces the voltage levels of the source signals and is composed of: voltage divider means for producing and supplying the source driver reference voltages by voltage division of a difference between high and low reference voltages, high-and-low-reference-voltage-interconnecting means for altering the high and low reference voltages in an interconnected manner, and low-reference-voltage-specifying means for specifying a ratio of the low reference voltage to the high reference voltage".

The closest arts, Bitzakidis as discussed in the previous Office action, either singularly or in combination, fails to anticipate or render obvious the above limitations obvious.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
